NEW BUSINESS

Train Service - Mayor Kaneb told of his recent experience on the Rapido train due to interruption of regular service. He commented on the type of accommodation, comfortable seats and excellent food offered. The usual trains stopping in Cornwall, he stated, were second hand cars and comfort and service offered does not compare with that offered on the Rapido's direct line from Montreal to Toronto. Moved by Alderman Bough, seconded by Alderman Fawthrop that Honourable L. Lamoureux be asked to intercede, on the City's behalf, to have the Rapido, or its equivalent, made available to Cornwall.

Courtaulds Canada Ltd. - Alderman Carrara made reference to recent heavy lay-off at Courtaulds Canada Ltd. and expressed the fear that a complete shut-down could result. He inquired as to whether there is anything the City can do to save our existing industry. Mayor Kaneb replied that he had held a meeting on January 2nd. with Mr. N. Battista, President & General Mgr. of the local company and government representatives who were sent here on a fact-finding mission. Later, a meeting had been held with City representatives and the new president of the Labour Council. Copies of a brief were prepared and will be presented to the Honourable J. Marchand.

Later in the day another meeting was held with representatives of Courtaulds Textile Union for over an hour. As a result of the meetings a strong letter of protest, signed by Honourable L. Lamoureux, Honourable F. Guindon and the Mayor was forwarded to England, to the president of the Company.

Claims Against Contractors - Alderman Brunet again decried the difficulty citizens are experiencing in obtaining compensation from contractors for damages suffered. He suggested that a record of each contractor be kept in the Claims Department with damages caused by them, noted thereon and that complaints against each company be considered when calling for tenders.

Xmas Trees - Alderman Brunet asked that persons selling Christmas trees be made to comply with the City By-law which requires that the trees be displayed at least 25 ft. from a building. He also suggested that a fee be charged to anyone selling trees to offset the cost to the City of having to dispose of any trees left unsold at the end of the season.

Fourth and Sydney Sts. - Alderman Brunet pointed out the proximity of the Police Station to the intersection of 4th and Sydney Sts. and asked that one of the regular policemen, in uniform, be on duty at this location when students are entering and leaving the school.

Work carried out by Contractors - Alderman Brunet complained of the manner in which contractors often leave sites unprotected while working on a contract. He cited, in particular, the 8th and Augustus ST. area where a 5 ft. hole was left uncovered while the workmen went for lunch; at Second and Cumberland Street the pumps used by the contractor was not strong enough to discharge the water directly into the drain which caused an icy condition, with a complete disregard for the safety of our citizens. He also noted property at Sixth and Augustus Sts., where Spino Construction had erected a shack on the owners property without

obtaining permission. He asked that the Engineer look into this matter.

Land for Development. - Alderman Brunet complained of the lack of land available for low-cost development. He felt that the City should consult with C.M.H.C. and obtain information whereby the City could buy up land to make lots available to our citizens.

Administrative Study - Alderman Bough reported that the Administrative Study Committee will have its report available for members of Council at the next meeting of January 26th.

Federal Incentive Program - Alderman Brunet asked that the citizens be made aware that Council has continually endeavoured to have Cornwall again placed on the Federal Incentive Program and that everything possible is being done at this time.

Beach Agreement - Replying to Alderman Lebano, the Clerk-Administrator suggested that Council either appoint a committee or have the subject dealt with under an existing committee to determine how the Council wants to have this land regulated.

Snowmobiles - Alderman Lebano stated that it was gratifying to see that the St. Lawrence Parks Commission has provided trails for the use of snowmobiles and noted that Council had suggested only recently that this land be used for snowmobiles, ski slope and toboggan slides.

Provincial Assessment - Alderman Lebano referred to a notice in the local press that a taxpayer will not see drastic changes due to the provincial take-over of assessment. In his opinion it would be an added cost to the taxpayer and he was opposed to it.

Lavigne re-zoning - Mr. Boyer reported that the O.M.B. Hearing scheduled for January 13th has been canceled. This application was made by Mrs. L. Lavigne for a re-zoning of land owned by her on Brookdale Avenue.

Adjournment - Moved by Alderman Guindon, seconded by Alderman Gauthier that Council adjourn into Committee of the Whole.

Following the meeting of Committee of the Whole, Council re-convened.

Committee of the Whole #1-70 - Moved by Alderman Carrara, seconded by Alderman Gauthier that the report be adopted.

Adjournment - Moved by Alderman Bough, seconded by Alderman Pescod that Council Adjourn
