

CITY COUNCIL NO. 25-71

October 25, 1971.

A Special Meeting of City Council was held this evening with the following members present: His Worship Mayor N. Kaneb, Aldermen L. Gauthier, R. Carrara, R. Brunet, D. Fawthrop, D. Webster, F. Guindon, G. Cameron, K. Bough, A. Lebano, J. Pescod and M. Holden.

Presentation of Certificate - His Worship Mayor N. Kaneb presented a certificate to Mr. E. G. Hamel in recognition of 25 years service to the community. The Mayor recalled how Mr. Hamel has seen Cornwall progress over the past quarter century and that, in the future years, Cornwall will continue to forge ahead. Mr. Hamel referred to the construction of the Fly Creek Sewer in 1926 which opened up the north end of the City. He wished the members of Council success in their work referring to the many demands made by the ratepayers for services often without realizing how the costs are going to be paid. Alderman Gauthier spoke briefly in french to Mr. Hamel.

Rule '48' - Moved by Alderman Pescod, seconded by Alderman Webster that Rule '48' be suspended in order to hear delegations.

Mr. Cyril Page - Mr. Page, on behalf of the Civic Waterfront Redevelopment Committee, read from a brief, dated October 25th, a copy of which was given to the Clerk-Administrator.

Moved by Alderman Fawthrop, seconded by Alderman Webster that the submission be referred to the Public Works Committee for study. An amendment to the motion was made by Alderman Guindon that the brief be dealt with this evening. The Mayor declared the amendment out of order. A vote on the motion showed the motion defeated.

It was moved by Alderman Lebano that the brief be filed. The Mayor declared the motion out of order.

Alderman Cameron suggested that a special meeting be held to which Mr. Page and all interested citizens be invited to attend and that a notice be inserted in the local press advising of the meeting and that this issue be aired once and for all.

Mayor Kaneb reminded members of Council that negotiations have been carried on with the Seaway Authority and that Council has accepted the proposals with certain reservations as contained in the letter of October 8th from the Authority. This acceptance by Council, the Mayor noted, was correctly published in the Standard-Freeholder. The Authority, the Mayor went on to state, is now negotiating with the Treasury Board. Everything has been followed through with the full support of Council. Further, the Mayor pointed out that the actions of this Council are legal and binding. At all times, Council has acted within the statutes of our province. The Mayor went on to state that Council has taken a proper decision in the best interests of the citizens and all taxpayers and are not going to withdraw anything which

has been approved by the Federal Government.

The Mayor afforded each alderman an opportunity to express his views. The members were in agreement that Council had acted wisely in accepting the proposals of the Seaway Authority as the filling in of the canal would give employment to a certain number of men immediately; sufficient parkland would be made available for the City's use and adequate land would be set aside for industrial or commercial use which would provide tax revenue to the municipality.

It was then moved by Alderman Carrara, seconded by Alderman Lebano that the brief be filed. Alderman Lebano asked for a recorded vote with the following results:

FOR: Aldermen L. Gauthier, R. Carrara, R. Brunet, F. Guindon
A. Lebano, J. Pescod and M. Holden

AGAINST: Aldermen D. Fawthrop, D. Webster, G. Cameron and
K. Bough

The motion carried.

Miss Frances Gadbois - Miss Gadbois, of Alice Street, informed Council that she has accumulated 1,000 signatures and hopes to get 20,000 in support of having the canal filled in from Sydney Street westerly to Brookdale Avenue. Mayor Kaneb thanked Miss Gadbois for addressing Council and stated that they will be pleased to receive a petition.

Mr. G. Benson - Mr. Benson asked Council to authorize the issuing of a building permit. Mr. Benson is the owner of Benson Springs Limited on Pitt Street North and wishes to expand his business by extending into the former Hancock Tire store which is immediately north of his place. His present

business is built up to the rear line of the property and he wishes to extend the Hancock Tire building to the same depth. Mr. Benson pointed out the necessity for this space in order for transports and trailers to be serviced at his place. The request was referred to the Cornwall Planning Board.
