The Markell's pointed out that it is a business operation and they are showing the types of films that are making money. The only alternative left, Mayor Parisien advised, is to break the lease with the Capital Theatre, adding that this will not stop the movies being shown, as they will appear elsewhere. Mayor Parisien then suggested we write to the Stormont Christian Council and ask for their co-operation in the censoring of movies. The aldermen agreed that this should be done.

Property Standards By-law - Alderman Samson informed Council that he had received a call from a person who purchased a property two years ago, and it still has a \$7,000. mortgage. He stated that the City wants this building demolished, and that he can not obtain a permit to carry out repairs which he is prepared to do. The Commissioner of Development indicated he was familiar with this property, and he was informed by Mr. Courville that there is a Hearing being set up to hear this particular case. He further stated that if the owner of the building is willing to bring this building up to the standards of the by-law, Mr. Courville is prepared to go along with this.

One application was for the expansion to the present library building and the other application was to increase services available to the French population. To date, the Library Board has not heard anything regarding their applications.

It was moved by Alderman Lynch, seconded by Alderman Aubry that Council members should go on record urging the people of Cornwall to help in contributions to the United Way. Carried.

Shell Canada - Alderman Guindon asked if administration was able to obtain a better price on the property being purchased from Shell Canada. Mayor Parisien advised that we did get a lower price.

Tree Planting - Alderman Guindon inquired if a letter had been received from the Boy Scouts regarding trees being planted. Mayor Parisien advised no letter had been received. Alderman Guindon informed Council that the Boy Scouts are willing to plant trees in the Guindon Park area, and this could be worked out with the Commissioner of Development. Mayor Parisien suggested that further discussion on this matter be delayed until the request is received.

Transit Ridership - Alderman Guindon asked the Transit Manager what the ridership is as of now. Mr. G. Robertson reported that October 1975 shows an increase of 50,266 over October 1974. He further stated that it would appear we may have an increase of 80,000 for November. Alderman Guindon then inquired if the six additional buses have been ordered. The Chief Administrator advised that we have ordered the buses, however, we now have to wait for the approval of M.T.C.

Taxi Drivers - Alderman Bough advised that he had received calls from certain taxi drivers, who have received parking tickets, because they used certain truck stops, in order to pick up parcels. The taxi drivers feel it is most unfair and wanted to know if something could be done.

Grants, and Mr. C.F. Adams advised that Canada Manpower and the office of our Member of Parliament would know all the details.

Downtown Development - Alderman Lebano informed Council that the City of Hull has a large development project underway, with Campeau Construction Ltd. He added that perhaps Council should look further, as there could possibly be companies willing to develop the downtown core of Cornwall. Alderman Pescod suggested that perhaps Campeau Construction might be interested in the Cornwall area, because there seems to be problems with the progress of the development in Hull.

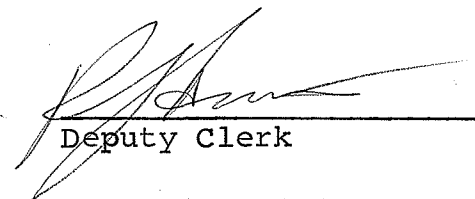

Land Banking - Referring to an article in tonight's newspaper regarding the price paid by the City for land in the Eastern end of the City, Alderman Lebano indicated that he was glad to see that Mr. Hamilton, Mr. C.F. Adams and Mayor Parisien corrected any explanations on the value of the land. Alderman Lebano stated further that the agent who made the statement should try and give help and input, instead of trying to tear down everything we do.

Parking Lot - Alderman Pescod inquired about the property behind the old New York cafe, and stated that if it is going to remain vacant, perhaps the City should try to purchase the property. Alderman Pescod also asked what was happening with the property on the North East corner of Augustus & Second Streets.

Committee of Council - Moved by Alderman Holden, seconded by Alderman Aubry that Council adjourn into Committee.
