Alderman LeBlanc informed Council that the radio station announced that a newsletter would be delivered to each household, and our Federal Member of Parliament, E.C. Lumley, was hoping to get the opinion of his constituents. Alderman Lebano stated that he is in favour of Capital Punishment for the killing of Police Officers or Prison Guards however, he is not in favour of legalized abortion.

Industrial Commissioner - Alderman Lebano indicated that he was pleased with the appointment of our new Industrial Commissioner, Mr. Lucien Lalonde. He stated further that hopefully, we will have some new industries in the not too distant future.

Flooding - Alderman Lebano, as well as the majority of aldermen, expressed concern for the residents on Elgin Street. Alderman Lebano indicated that he couldn't understand why building permits were issued for this area. Mayor Parisien advised that there is a restriction on elevation North of the railway track, however, this does not apply South of the railway track. Alderman Cameron reminded members that Council was requested last summer to hire additional engineers to make a survey of the drainage pattern in the Elgin Street area. It wasn't until late Fall when the engineers were hired that the area was surveyed. Alderman Guindon requested that a report be given to council members. Mayor Parisien advised that a report on this matter would be given in a couple

of weeks.

Water Tower - Alderman Guindon requested that the light on the water tower be replaced.

He indicated that candidates should not spend more on campaigning than they would be paid while in office. Alderman Lynch suggested that candidates running for Alderman should only spend approximately \$1500.00 and candidates running for the Mayor's office should limit the campaign expenses to \$5,000.00. He would like to have a report on election expenses before any definite decision is made.

Parks & Recreation Committee - Alderman Aubry indicated that five aldermen have suggested names of lay people for the Recreation Committee.

Hydro Dam Tours - Alderman Aubry suggested that perhaps students could start giving tours through the Robert Saunders Generating Station. A

small fee for the tours could be charged, and they would be able to earn some money for themselves.

Elgin Street Residents - Mayor Parisien informed members of Council that he had also received calls from residents on Elgin Street. He added further that it is a very serious situation, and suggested that council consider changing the present building by-laws.

Mr. Ray Montroy and Mr. Peter Menard informed members of Council that their main concern was for the safety of their children. Both gentlemen wanted to know why building permits were issued in that area and it was explained to them that housing units were permitted south of the railway tracks.

Mayor Parisien assured the two spokesmen that Council would do everything to try and have this situation cleared up, and a report would be given to Council in approximately two weeks.

Historical Book - Stating that each member of Council had a chance to look at the Brockville Historical Book, Alderman Lebano suggested that perhaps the City of Cornwall should have a book similar to this one. Alderman Lebano stated that the doctor who wrote the Brockville Historical Book is willing to attend a meeting to discuss and offer assistance in getting a Cornwall Historical Book started.

Council recommended that the various aspects of a Cornwall Historical Book be turned over to administration to check on further details.
