Lumley, M.P. - CARRIED UNANIMOUSLY
- #36 - Moved by Aldermen Lynch and Keen that Whereas the province of Quebec has discouraged Ontario construction workers from working in the Province of Quebec while Quebec construction workers have been able to work in Ontario; And Whereas this has been a long standing problem which the government of Quebec is not prepared to resolve; And Whereas new regulations of the Government of Quebec which go into effect July 1, would require Ontario construction workers to have had at least 1000 hours of work in the construction trade in the province of Quebec before they are able to work in the Province of Quebec; And Whereas this latest regulation has virtually barred Ontario construction workers from working in the Province of Quebec while Quebec workers will still be able to continue to work in Ontario; Therefore be it resolved that Cornwall City Council urges the Government of Ontario to enact reciprocal legislation placing the same restrictions on Quebec construction workers as the Government of Quebec has imposed on Ontario construction workers in the event that talks to be held later this month fail to bring about a free market for construction workers on both sides of the border.
