DELEGATIONS

Sewage Treatment Plant - Mr. G. McKenna, local manager of the Ministry of the Environment, indicated that the purpose of his presentation was to hopefully clarify the situation in regards to the ownership of the sewage treatment plant. He stated that the interpretation given to the Ministry's letter of November 19th was not correct insofar as the effect the transfer of ownership would have on the financing of the proposed plant expansion. He added that for municipalities such as Cornwall with a population of 7,500 or more, the amount of grant available is 15% of the net capital cost and the remaining portion of the funds required is to be financed by the City. This financial arrangement is constant whether the facility is owned by the City or the Ministry. Mr. McKenna advised that it would be his strong recommendation that the City arrange a meeting as soon as possible with senior staff of the Ministry to clarify all points raised in the letter.

Mayor Parisien thanked Mr. McKenna for his presentation and assured members of Council that contact would be made immediately with the Ministry to help resolve this misunderstanding.

Evacuation Plan - Mr. G. Tyo presented a proposed evacuation plan which would become an appendix to the City of Cornwall Peacetime Emergency Plan covered by By-law 1513/72. He stated that in this plan the City would be divided into 6 zones and that McConnell Avenue would be designated as an emergency route to be used by emergency vehicles only and City Transit. He proceeded to show members of Council a map establishing the zones and the emergency route that would be used. He stated that to the best of his knowledge, Cornwall is the first Ontario city to obtain a cross-border agreement with a neighbouring U.S. state. He explained that this same evening in Albany, N.Y. the State Legislature would be adopting a resolution making available their welfare centres and shelters to the City of Cornwall in the event of an emergency.

Mayor Parisien thanked Mr. Tyo for his excellent presentation and advised that his plan would be considered for adoption later in the meeting.

French Daycare Centre - Mr. Maurice Proulx and Mrs. Berthe Tiozzo made a presentation in french and english respectively. The presentation was that while two daycare centres already exist in Cornwall there are numerous reasons to demand a third with a definite french character. The delegation indicated that recently Mr. Keith Norton, Minister of Community and Social Services, assured them that his Ministry was most sympathetic with their cause and informed them that by January 1, 1981 more monies would be made available for daycare services. The delegation presented a 900-signature petition supporting their project. It was stated that the french daycare centre would be populated by local french pre-schoolers and staffed by french graduates of our local college, truly making it a community project. They also indicated that they would create a board of directors that would be responsible for the functioning of the proposed daycare. In conclusion they asked that tonight Council adopt the principle that there is a need for a french daycare and that this project be a priority in the City's 1981 budget.

Following questions from various members of Council it was moved by Aldermen Leger and Guindon that Council approve in principle the need for a french daycare centre. A recorded vote resulted as follows -  
For the Motion: Aldermen Guindon, Samis, Wise, Leger and Aubry. Against the Motion: Aldermen Armstrong, Pescod, Lebano, Lalonde, Cameron, Samson and LeBlanc.

Defeated

Moved by Aldermen Armstrong and Pescod that Administration prepare a feasibility study and costing for making available a french daycare centre.
