DELEGATIONS

Ontario Humane Society - Mr. T. Hughes advised that the local humane society is now stronger than ever in the community and that membership is growing and full support is being given to the proposal made to the City's Administration. He stated that the Society is more than willing to provide a modern shelter in the City and would be interested in having the City take part in this development.

It was mentioned to Mr. Hughes that City Administration had placed monies in its budget to further consider the Society's proposal and a proposal from City Administration. However, City Council at budget time elected to remove those monies labelled for a new shelter. Mr. Adams advised both Mr. Hughes and Council that, even though the money had been removed from the 1981 budget, Administration was still preparing a report to be filed some time in June outlining the Society's proposal and Administration's proposal and that perhaps at that time Council would be in a position to give directions as to the level of service to be considered in 1982.

All questions from members of Council having been answered, Mayor Parisien thanked Mr. Hughes for his presentation and advised that further reports would be made available.
