

CITY COUNCIL #15-86

April 14, 1986.  
7:30 p.m.

The regular meeting of City Council was held this evening when the following were present - His Worship Mayor B. Lynch, Aldermen R. Aubry, D. Carr, C. Charlebois, B. Gallant, G. Grant, T. Green, F. Guindon, R. Lalonde, T. Lalonde, A. LeBlanc, G. Leger and C. Poirier.

INVOCATION

The invocation was given by Reverend Alan Schnobb of St. Columban's Parish.

PRESENTATIONS

Participaction - Mr. Jake Lamoureux advised that May 28 to June 1 has been designated as Physical Activity Week and as such May 28 has been declared Participaction Day. As a result the City of Cornwall has challenged Trenton and Brockville to compete in encouraging citizens to exercise for 15 minutes on that day. Mr. Lamoureux indicated that last year's Participaction Day was successful in that approximately 20,000 citizens participated and this year's goal is for 30,000 participants. At the conclusion of the presentaiton, Mrs. Sue MacGregor presented members of Council with Participaction caps.

Gift from Taipai - As a result of his trip to Taiwan, Alderman Carr presented Mayor Lynch with a gift from the Mayor of Taipai.

Certificates of Merit - Firefighters W. Carpenter, G. McCormick and D. Proulx signed the Golden Book and were presented with a Certificate of Merit in recognition of their being awarded the Canadian Medal of Bravery by the Governor General.

ADOPTION OF MINUTES

Moved by Aldermen R. Lalonde and T. Lalonde that the minutes of the March 20th meeting of City Council be adopted. Carried

Moved by Aldermen LeBlanc and Leger that the minutes of the March 24th meeting of City Council be adopted. Carried

- 49 - To authorize signing of agreement with Folklore Canada Ltd.
- 50 - To authorize the sale of land to Valco Furniture Ltd.
- 51 - To convey certain parcels of land and being parts of Lochiel and Kenyon Carried

DELEGATIONS

120 Ninth Street East - Mr. Robert Bergeron stated that he represents Dr. J. Dubuc who owns the Cornwall Professional Building. He indicated that it was his understanding that the Planning Advisory Committee may not have been given full details on the application by Remax to rezone 120 Ninth Street East to permit office space in a manufacturing zone. He indicated that his client is being treated unfairly when the Planning Advisory Committee is allowing an existing commercial venture to relocate from a commercial zone to a manufacturing zone. He felt that a more comprehensive zoning of the area in question would appear to be more appropriate than spot zoning. He reminded Council that if the rezoning is approved this property will have a legal non-conforming use. Mayor Lynch advised Mr. Bergeron that this matter would be further discussed under item 3, Communications.

Tollgate Road Ratepayers - Moved by Aldermen T. Lalonde and Charlebois that Mr. Thomas Swabey be allowed 10 minutes to make his presentation on behalf of the ratepayers. Carried

Mr. Swabey, represents the ratepayers on Tollgate Road from Brookdale to the CNR spurline and from the CNR spurline to Vincent Massey Drive, who are requesting sanitary sewer and watermain services. He stated that the ratepayers of this area filed 3 petitions with the City in August, 1985. In April, 1986, reports from the Senior Planner, the Director of Engineering Services and the Chief Administrator were reviewed in depth and Mr. Swabey claims they were found to contain many errors and inaccuracies as well as to be expressing opinions not well founded. The report of the Senior Planner describes Tollgate Road as an arterial street which Mr. Swabey claims is no longer an accurate description. The Senior Planner also suggests that the extension of services to this area would require the splitting or severance of lots in order to lessen the burden of financing the services requested and suggests that this would result in traffic congestion along Tollgate Road. The reports of the Senior Planner and the Director of Engineering Services suggest that the area in question is not a likely area for urban development, at least over the life of the official plan when in fact Plan 240 bordering on the south side of Tollgate Road has now been entirely sold and this should demonstrate a substantial demand for development in this area. The Senior Planner's reports also suggests that the extension of services to this area would force the premature removal of agricultural land presently situated on the north side of Tollgate Road and would encourage strip development as opposed to efficient compact development. The Senior Planner's report also suggests that the shortage of park land and the inadequacy of transit would prevent an orderly development

of the area when in fact there is quite adequate park land. Reports from the Senior Planner and the Director of Engineering Services warn about the cost to the City of extended services. The Senior Planner cites the heavy financial burden by way of local improvement charges. The Senior Planner's report states that, ignoring financial implications, the extension of sewer and water to service the existing dwellings in this area would not be a particular problem. Costs are rising each year and the longer this project is put off the greater the costs will be to both the taxpayers in general and the Tollgate Road ratepayers through local improvement charges. This particular part of Tollgate Road was actually constructed at no cost to the City at a time when the route was needed for access to Highway 401. Mr. Swabey stated that the extension of services to this area is inevitable and the ratepayers of this area are requesting this new Council to examine again the ratepayers' request for the extension of services at this time to an area of the City where the extension of services now is fully justified.

Moved by Aldermen R. Lalonde and Grant that the request be referred to Administration for a full report.

Carried

#### RESOLUTIONS

#12 - Moved by Aldermen Aubry and T. Lalonde that whereas this municipality should treat all its citizens fairly; and whereas the existing council policy with respect to hiring of personnel gives incumbent employees an unfair advantage over ordinary citizens and thus unduly discriminates; and whereas this unfairness and discrimination also could penalize the municipality by hiring less than the best personnel available; therefore be it resolved that Administration review and report to council on this policy with recommendation and such a review to include input from all city departments.

Carried

#13 - Moved by Aldermen Poirier and Carr that whereas council should have a more direct impact during contract negotiations with its employees; therefore be it resolved that two members of council sit on the city's negotiation team, not to do the actual negotiations, but to act in an advisory role to the city negotiators.

An amendment was moved by Aldermen Carr and T. Lalonde that the matter be deferred. Defeated

A recorded vote on the motion resulted as follows - For the Motion: Aldermen Poirier, Carr, LeBlanc and Green. Against the Motion: Aldermen T. Lalonde, Grant, Gallant, R. Lalonde, Charlebois, Guindon, Leger and Aubry. The motion was defeated.

- #14 - Moved by Aldermen Gallant and Aubry that Administration provide council with estimated costs of converting Pitt Street, between First Street and Water Street, back to two-way street. Carried
