- 122 - A bylaw to authorize the acquisition of a right-of-way from Ontario Hydro.
- 123 - A bylaw to dedicate a Public Highway and name it Saunders Drive
- 124 - A bylaw to effect a transfer of land and dedicate it as Public Highway naming it Tollgate Road.
- 125 - A bylaw to authorize the sale of nine lots on Walton Street (approved June 26/89).
- 126 - A bylaw to authorize the signing of an Agreement with the Township of Charlottenburgh for the disposal of sludge (see Communication #10)
- 127 - A By-law to amend By-law No. 113/1980 known as the Garbage By-law (see Communication #11)
- 128 - A bylaw to dedicate various Streets and Avenues as public Highways (Ninth Street Extension)

DELEGATIONS1. Mr. Mike Tremblay - Baldwin Resident (Petition/Consent F)

Mr. Tremblay asked for an additional five minutes in order to complete his presentation.

It was moved by Aldermen Green and Leblanc that this delegation be allocated an additional five minutes.

CARRIED

Mr. Tremblay, a resident of 105 Baldwin Avenue, represents several property owners on Baldwin Avenue who are in opposition to the owner of 103 Baldwin Avenue obtaining a letter of zoning compliance for the purpose of doing safety checks on automobiles from his garage. Mr. Tremblay gave a history of the usage of this property since before 1969, and in 1986 the Committee of Adjustments granted a 10 foot right-of-way to Lahaie and Sullivan Funeral Home. At the hearing, it was established that the City's Planning Department felt that the residential character of the area should be maintained and that the right-of-way should not be granted unless the garage is not used for commercial purposes and the commercial signs are removed from the property. The Committee of Adjustments granted the right-of-way with no conditions imposed.

The delegation further contends that no commercial realty tax and no business tax were paid in 1987 and 1988 and that the assessment roll indicated that the property in question was vacant. Mr. Tremblay further advised that on March 23rd, 1987, the residents of Baldwin Avenue, in a Petition, requested a zoning change from the Planning Department and that their request went unanswered.

The delegation concluded his presentation by suggesting that as a result of the granting of the right-of-way the size of the property has been reduced making it impossible to provide customer parking. The residents of Baldwin Avenue do not want a letter of compliance to be served on Mr. Art Menard in order for the property to retain its residential characteristics.

After having questioned Mr. Tremblay, it was moved by Aldermen Guindon and Leblanc that this matter be referred to Administration for a Report for the next regular Council meeting.

CARRIED

2. Mr. Timothy J. Thomas -Solicitor for Cornwall Concrete Products

Mr. Thomas asked Council for an additional five minutes in order to complete his presentation.

It was moved by Aldermen T. Lalonde and Leblanc that this delegation be allocated an additional five minutes.

CARRIED

Mr. Thomas introduced himself as the solicitor for Cornwall Concrete Products and indicated that Mr. Howard Lough is the registered owner of the property and has been involved in this business since 1959. Cornwall Concrete Products have carried on business at its present location since 1954. Mr. Thomas introduced a letter from the Commissioner of Development dated April 17th, 1975, which described the steps to be taken, to complete the expropriation, and the alternatives available to Mr. Lough at that time.

Cornwall Concrete flatly denies that traffic on 7th Street has ever been blocked for five minutes, at any time, by their operation, as alleged in Mr. Orchin's report. Mr. Thomas indicated that approximately 55% of the business of the company is retail. Accordingly, its customers are required to park on the street and if the proposed parking restrictions would be imposed, there would be no convenient parking for the company's customers and the retail operation of the business would be reduced significantly.

He further contends that until now, Cornwall Concrete and Howard Lough have never received any complaints concerning parking or the loading or unloading of vehicles. Mr. Thomas summarized his presentation by indicating that Cornwall Concrete opposed the proposed placement of "No Parking" signs on Seventh Street West, and at this point he introduced a letter from Public Works dated August 10th, 1989, which was sent to his client by registered mail, advising that certain obstructions be removed by August 23rd, 1989, or further action would be taken at his client's expense. This action by the City, is being interpreted by his client, as being an attempt to force Cornwall Concrete to relocate its business.

After having questioned Mr. Thomas, it was moved by Aldermen Green and Poirier that this matter, including Item #8, under Communications be referred to City Administration for a full Report and that no action be taken relative to the Public Works letter dated August 10th, 1989, until the said Report has been dealt with by Council.
