### DELEGATIONS

## RESOLUTIONS

#011-99      **Transportation of Mixed Oxide Fuel (MOX) through Cornwall**

It was moved by Councillors Brian Lynch and Chris Savard that:

**WHEREAS** the Government of Canada, as part of its participation in an international non-proliferation initiative, has agreed in principle to examine the concept of using Canadian CANDU reactors to make electricity from mixed oxide fuel (MOX) derived from United States and Russian Federation surplus weapons plutonium; and

**WHEREAS** on September 2, 1999, the Government of Canada announced that it will accept U.S. and Russian test samples of MOX for testing by Atomic Energy of Canada Ltd. (AECL) in Chalk River, Ontario; and

**WHEREAS** Cornwall is the identified port-of-entry for the MOX to be shipped from Russia; and

**WHEREAS** the MOX shipment from Russia would be transported on City of Cornwall streets by truck en route to the AECL facility in Chalk River, Ontario; and

**WHEREAS** the transportation plan submitted by AECL to Transport Canada for the transportation of MOX identifies the need to by-pass high population areas; and

**WHEREAS** the timing of the MOX shipment will not be publicly known; and

**WHEREAS** Canadian regulators have declared the MOX shipments as "*high interest*" requiring some additional special measures specific to the shipments; and

**WHEREAS** the reference in the AECL transportation plan to avoid high population areas, the secrecy of the time of the MOX shipments and the "*high interest*" designation given to the shipments, clearly indicates the presence of safety and security risks; and

**WHEREAS** this initial test sample shipment could lead to frequent, larger shipments in the future; and

**WHEREAS** the all-party House of Commons Standing Committee on Foreign Affairs and International Trade in their December, 1998 report entitled '**Canada and the Nuclear Challenge: Reducing the Political Value of Nuclear Weapons for the Twenty-First Century**' recommends that "... *the Government reject the idea of burning MOX fuel in Canada because this option is totally unfeasible ...*" (*Recommendation #8*); and

**WHEREAS** the delegates to the International Great Lakes St. Lawrence Mayors' Conference in May of this year approved unanimously a resolution entitled "*Plutonium Shipments and Burning in the Great Lakes Region*" declaring that the CANDU MOX option not proceed; and

**WHEREAS** to date, there have not been any public hearings, environmental assessment, community consultation or parliamentary debate in Canada on the CANDU MOX option; and

**WHEREAS** over the past several months a number of media articles have brought into question the rationale and possible success of the CANDU MOX option; and

**WHEREAS** organizations such as the Sierra Club of Canada, Northwatch, the Campaign for Nuclear Phaseout, and the Canadian Coalition for Nuclear Responsibility have voiced opposition to the CANDU MOX option; and

**WHEREAS** Ontario municipalities such as the City of Sudbury have adopted resolutions opposing the transportation of MOX along Ontario highways and through their individuals communities;

**NOW THEREFORE BE IT RESOLVED** that the Council of the Corporation of the City of Cornwall formally advise the Transport Dangerous Goods Directorate of Transport Canada on behalf of the citizens of Cornwall that it opposes the use of Cornwall as the port-of-entry for MOX due to safety and security risks; and

**BE IT FURTHER RESOLVED** that the Council for the City of Cornwall supports Recommendation #8 of the House of Commons Standing Committee on Foreign Affairs and International Trade Report of December, 1998 dealing with the burning of MOX fuel; endorses the resolution passed at the 1999 International Great Lakes St. Lawrence Mayors' Conference on "*Plutonium Shipments and Burning in the Great Lakes Region*", and endorses the resolution passed by the Council of the City of Sudbury, Ontario on September 7, 1999; and

**FURTHER THAT** a copy of this resolution be provided to the Mohawk Council of Akwesasne, the United Counties of Stormont, Dundas & Glengarry and all municipalities in Ontario which are part of the AECL transportation routes for the U.S. and Russian shipments of MOX; and

**FURTHER THAT** a copy of this resolution be sent to the Rt. Hon. Jean Chrétien, Prime Minister of Canada; the Hon. Lloyd Axworthy, Minister of Foreign Affairs; the Hon. David Collenette, Minister of Transport; the Hon. Ralph Goodale, Minister of Natural Resources, the Hon. Michael Harris; Premier of Ontario; Mr. Bob Kilger, M.P.; and Mr. John Cleary, M.P.P.

A recorded vote resulted in an 11/0 in favor.

### **NOTICES OF MOTION**

### **UNFINISHED BUSINESS**

## NEW BUSINESS

### 1. Railway Tank Derailment

It was moved by Councillor Claude Poirier and Mayor Brian Sylvester that:

WHEREAS the derailment of a railway tank car on Friday, August 27, 1999 at the intersection of Brookdale Avenue and Ninth Street caused significant safety concerns; and

WHEREAS to ensure public safety it became necessary to restrict access to this area of the City to allow emergency agencies to deal with the situation; and

WHEREAS this action caused a number of businesses in the affected area to be closed for a significant amount of time resulting in considerable financial losses; and

WHEREAS the Brookdale Avenue and Ninth Street intersection is one of the busiest traffic locations in the City; and

WHEREAS the rail line on which this derailment occurred is situated immediately adjacent to an extremely busy commercial area.

NOW THEREFORE BE IT RESOLVED That the City of Cornwall make appropriate representation to Canadian National requesting that the storage of railway cars and tank cars on the rail line in question not be permitted so close to Brookdale Avenue and the adjacent businesses; and

THAT a report be prepared on costs associated with having our own response team for chemical spills within the City of Cornwall.
