## RESOLUTIONS / BUSINESS ARISING FROM NOTICE OF MOTION

### **2011-011 Ice Allocation to Women's Hockey**

Click for detail --> 

**WHEREAS** the City of Cornwall is at a crossroad in terms of hockey in Cornwall and where on March 27, 2011, the City celebrated the many years the Si Miller Arena provided the citizenry of Cornwall and on May 1, the City will enter the next phase of recreational opportunities, with enhanced facilities and expanded ice times, provided for at the multi-pad Benson Centre; and

**WHEREAS** when the Council considered an ice allocation policy and fee structure, originally in December and again in January, Council overlooked an opportunity that will not present itself so clearly again or at least not for many years, the opportunity to start something qualitatively new in adult recreational hockey to accommodate the establishment of a women's hockey league; and

**WHEREAS** early in the new century (millennium) Minor Hockey, traditionally male-dominated, made drastic changes to its organization to allow girls minor hockey to come into being, and the participants in that hockey division are now coming of age and they must move on; and

**WHEREAS** this organization is eager to establish a new league of women players ; and

**WHEREAS** there is widespread interest among women players in joining such a league; and

**WHEREAS** with the once-in-a-lifetime occasion of the opening of an extra ice pad, the City can allocate an appropriate block of time without disadvantaging current recreational users or infringing on or limiting the access of current recreational ice times; and

**WHEREAS** under the current system, the policy perpetuates a system that protects current users' access and allows for only very minor incremental broadening of access to ice; and

**WHEREAS** the status quo that the current policy protects accommodates very few women, and Council should instruct the Department of Recreation to facilitate the development of a league that will go some way to instituting gender fairness. Of the 41 groups with access currently only 2 are women's; that's 5% of ice allocation to women. A minor tweaking won't satisfy our obligation to distribute facilities fairly. Under the current policy, it would take generations to admit women in the numbers relative to their participation in girls' hockey; and

**WHEREAS** when the City undertook to build the Benson Centre, it was in hopes of increasing its ice capacity and one of the reasons for doing so was to respond to the growth of girls' and women's' hockey, now therefore be it

**RESOLVED**, That Council instruct the Recreation Division to facilitate the establishment of a women's' hockey league in one of our municipal facilities in an appropriate time slot for September 2011.

**RESOLVED**, That Council approve the recommendation as presented.

Moved By: Elaine MacDonald, Councillor  
Seconded By: Syd Gardiner, Councillor

**MOTION TO REFER**

It was then moved that this matter be referred to the Ice Allocation Committee with direction to provide the Women's Hockey with four (4) hours of ice time per week and that a report be submitted for Council's review at the upcoming meeting of Monday May 9th, 2011.
