1 Council Compensation

Click for detail --> 

Action Recommended

That Council provide direction to Administration regarding Council compensation. The recommendations provided by Krecklo Municipal Consultants are:

- 1:** Increase the Mayor's compensation in 2015 to \$74,600, including the \$12,000 expense/public relation allowance, in order to align with the 50th percentile of the market comparator group, *i.e.*, pay the "going rate" .
- 2:** Bring the salary of Councillors in line with the 50th pay percentile, increasing their current compensation of \$17.9K (\$15 402.92 + \$2 515= 17.9) to \$25.6K in 2015. Compensation would then be at the 50th percentile of the market.

Note: The increases in Recommendations 1 and 2 could be phased in over two or three-year period, if Council so desires.

- 3:** Maintain a policy of adjusting Council salaries on an annual basis, based on

the general scale increase for non-union staff.

- 4: Establish a policy for conducting a Market Survey of Council remuneration, in the last year of the Council term.
- 5: Maintain the current employee benefits provided to the Mayor for Life Insurance, Dental, LTD and Pension.

Motion that Council approve recommendations number 1, 2 and 5, in the Krecklo report and that the increase in recommendations 1 and 2 be divided equally over a four (4) year period, starting in 2015.

- (1: Increase the Mayor's compensation in 2015 to \$74,600, including the \$12,000 expense/public relation allowance, in order to align with the 50th percentile of the market comparator group, *i.e.*, *pay the "going rate"* .

Councillor Carr informs Council that the pop-up park at the corner of Pitt Street and First Street has been completed.

NOTICES OF MOTION

1 Notice of Motion regarding the long-range implementation of the Centretown Streetscape Revitalization Strategy

Click for detail --> 

Proposed by: Councillor Denis Carr
Seconded by: Councillor Glen Grant

Whereas, The Cornwall Centretown Streetscape Revitalization Strategy (2012) was endorsed by Council in 2013, to be used as a long-range template guideline for annual public space/boulevard infrastructure and design improvements in the Downtown and Le Village Urban Core Districts; and

Whereas, partner Community renewal/revitalization groups such as Heart of the City (HOTC) / Centretown, Groupe Renaissance Group (GRG), the Downtown and Le Village B.I.A.'s, and Cornwall Chamber of Commerce fully support and promote the active implementation of the Centretown Streetscape Revitalization Strategy by the City of Cornwall over the next multi-year period; and

Whereas, the Streetscape Revitalization Strategy developed under the direction of Mr. Patrick Li, Principal of EDA Collaborative Inc., with the assistance from City Planning and Engineering Departments, on behalf of the HOTC / Centretown group, has been recognized at an international level by winning an Honourable Mention Award. This award is under the category of 'Active Mobility and Complete Streets' category at the International Making Cities Liveable (IMCL) Conference held in Portland, Oregon, June 8 – 12, 2014; and

Whereas, the award citation was made by a panel of international street design experts and affirms that all the key elements of a walkable, human scale and liveable street design are incorporated into the Centretown Streetscape Strategy plan; and

Whereas, the Strategy is consistent with and can assist in the realization of numerous primary elements of Pillars No. 3 and 5 'Vibrant and Healthy Quality of Life' and 'Efficient Services' of Council's 2013 Strategic Plan and numerous policies/direction of the City's Official Plan, addressing good urban design; and

Whereas, there is no present proactive official long-term implementation commitment from Council, save and except, for annual review of individual physical elements as technical infrastructure replacement needs arise and identified by City Staff at annual Budget Deliberations;

Now therefore, be it resolved, that Council instruct Administration to prepare a report identifying option(s) for ensuring the long-range implementation (i.e. 20 years) by the City of the Centretown Streetscape Revitalization Strategy, including but not limited to a methodology for funding such public boulevard street design improvements.
